deGrazie is a cutting-edge cloud platform that enables businesses to automate processes such as ordering and payments.

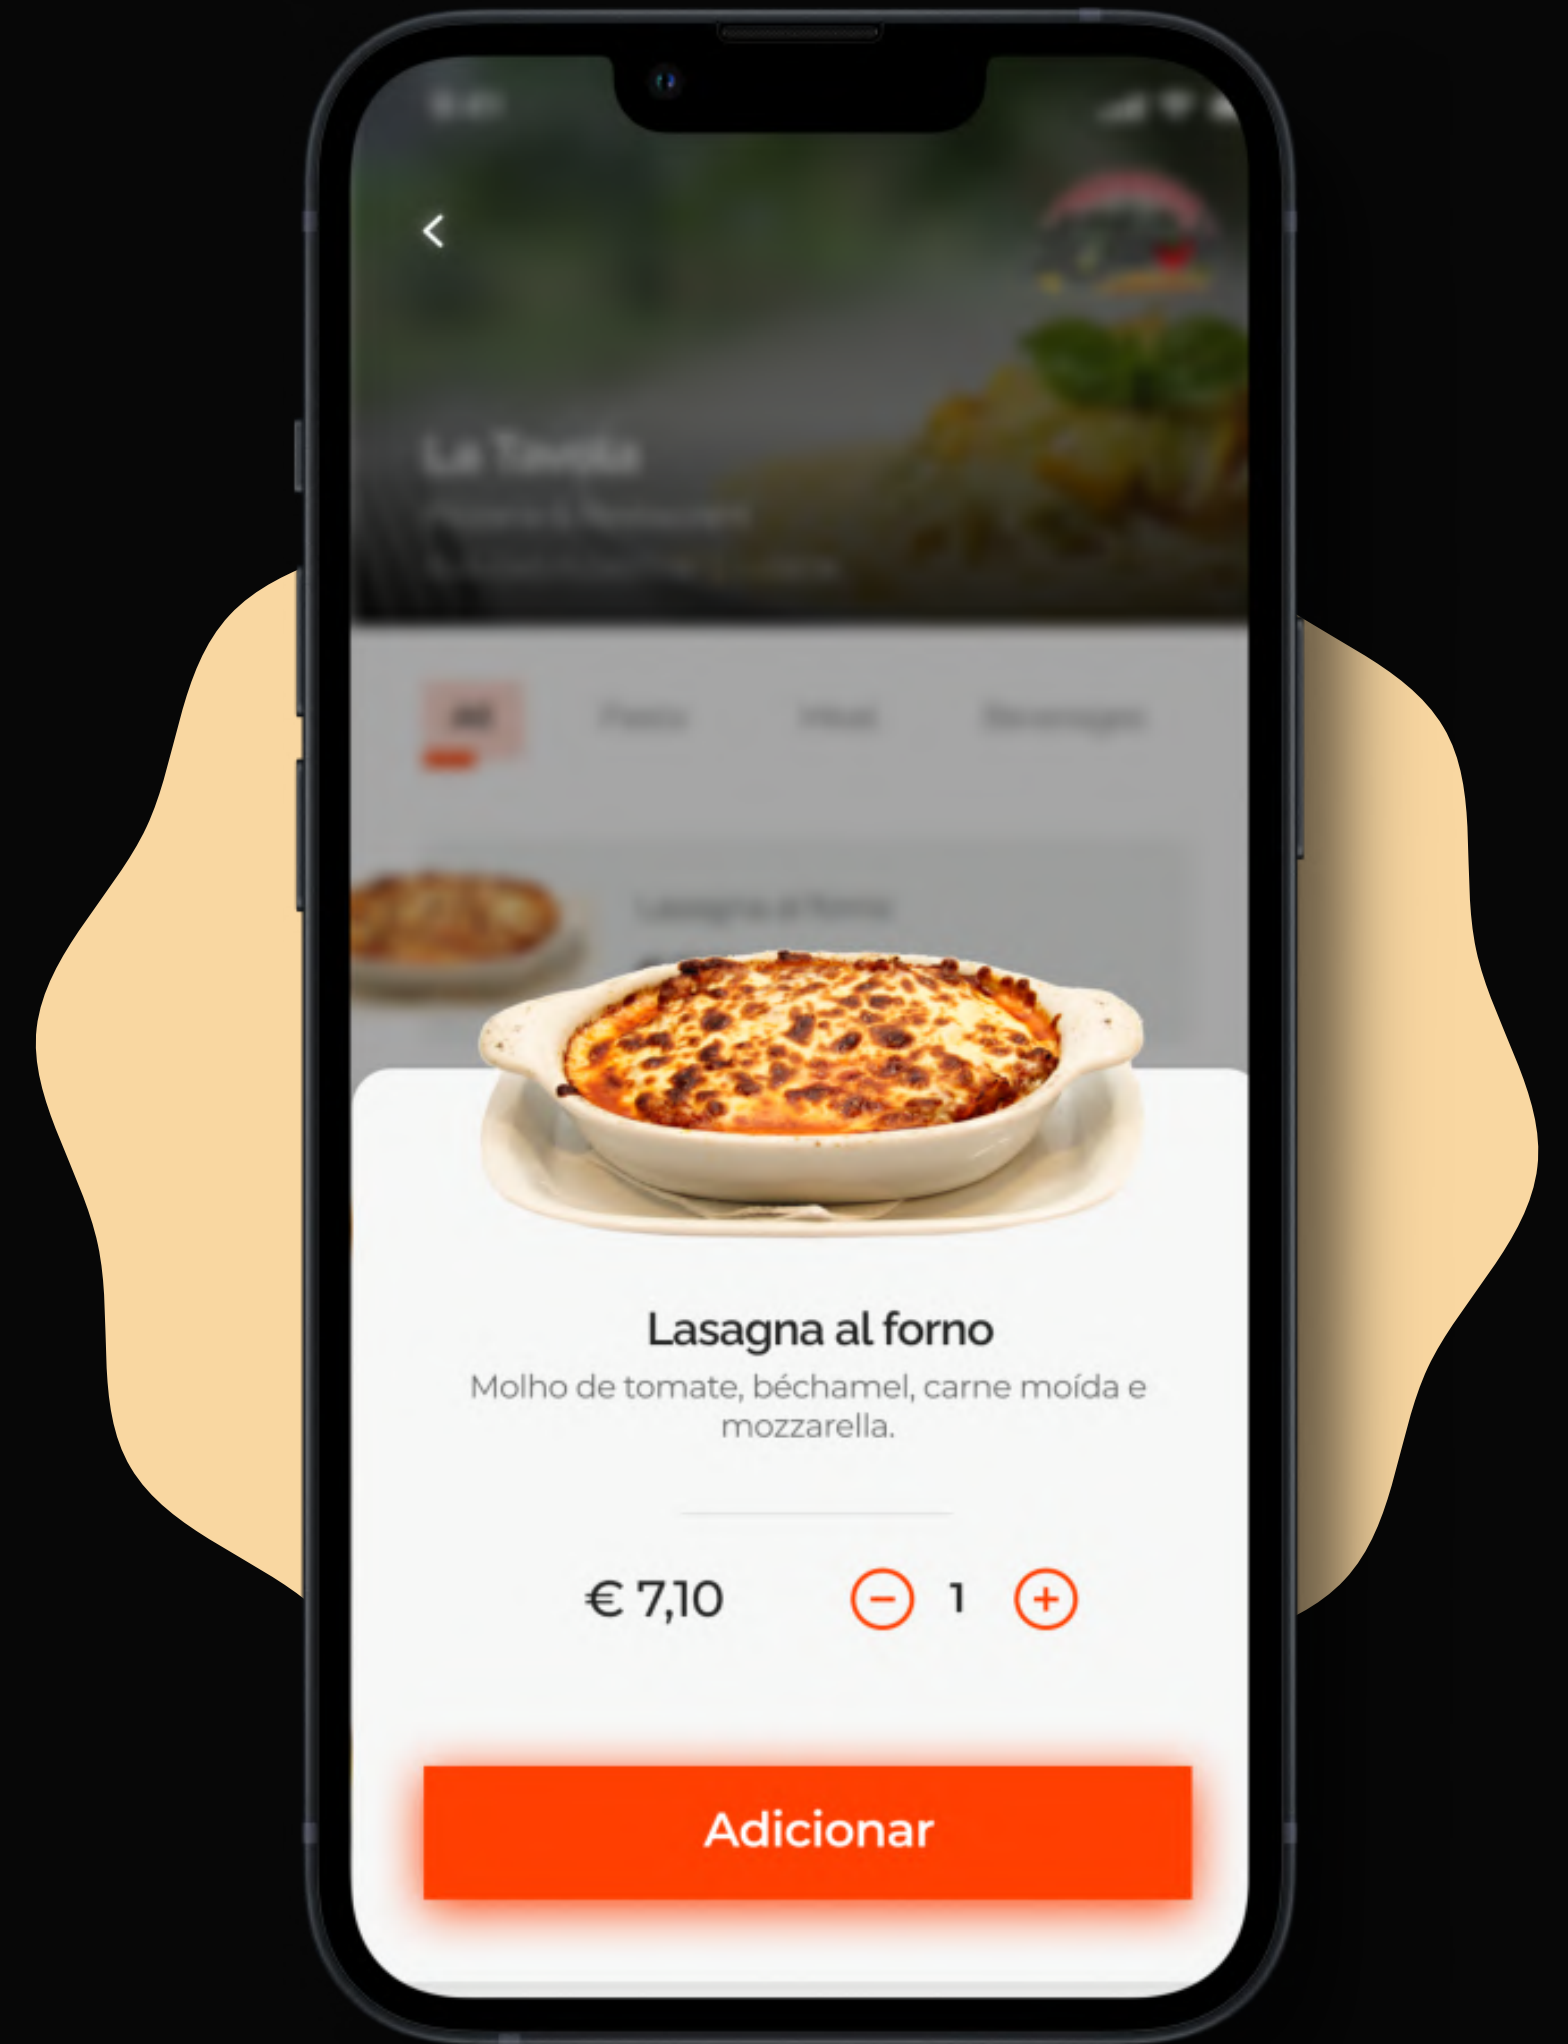

With deGrazie, everyone gains more time for what truly matters.

deGrazie

Ordering

After years of research and development, deGrazie now offers the best in-person ordering system on the market. Our top priorities are simplicity and user experience.

Bill and payment

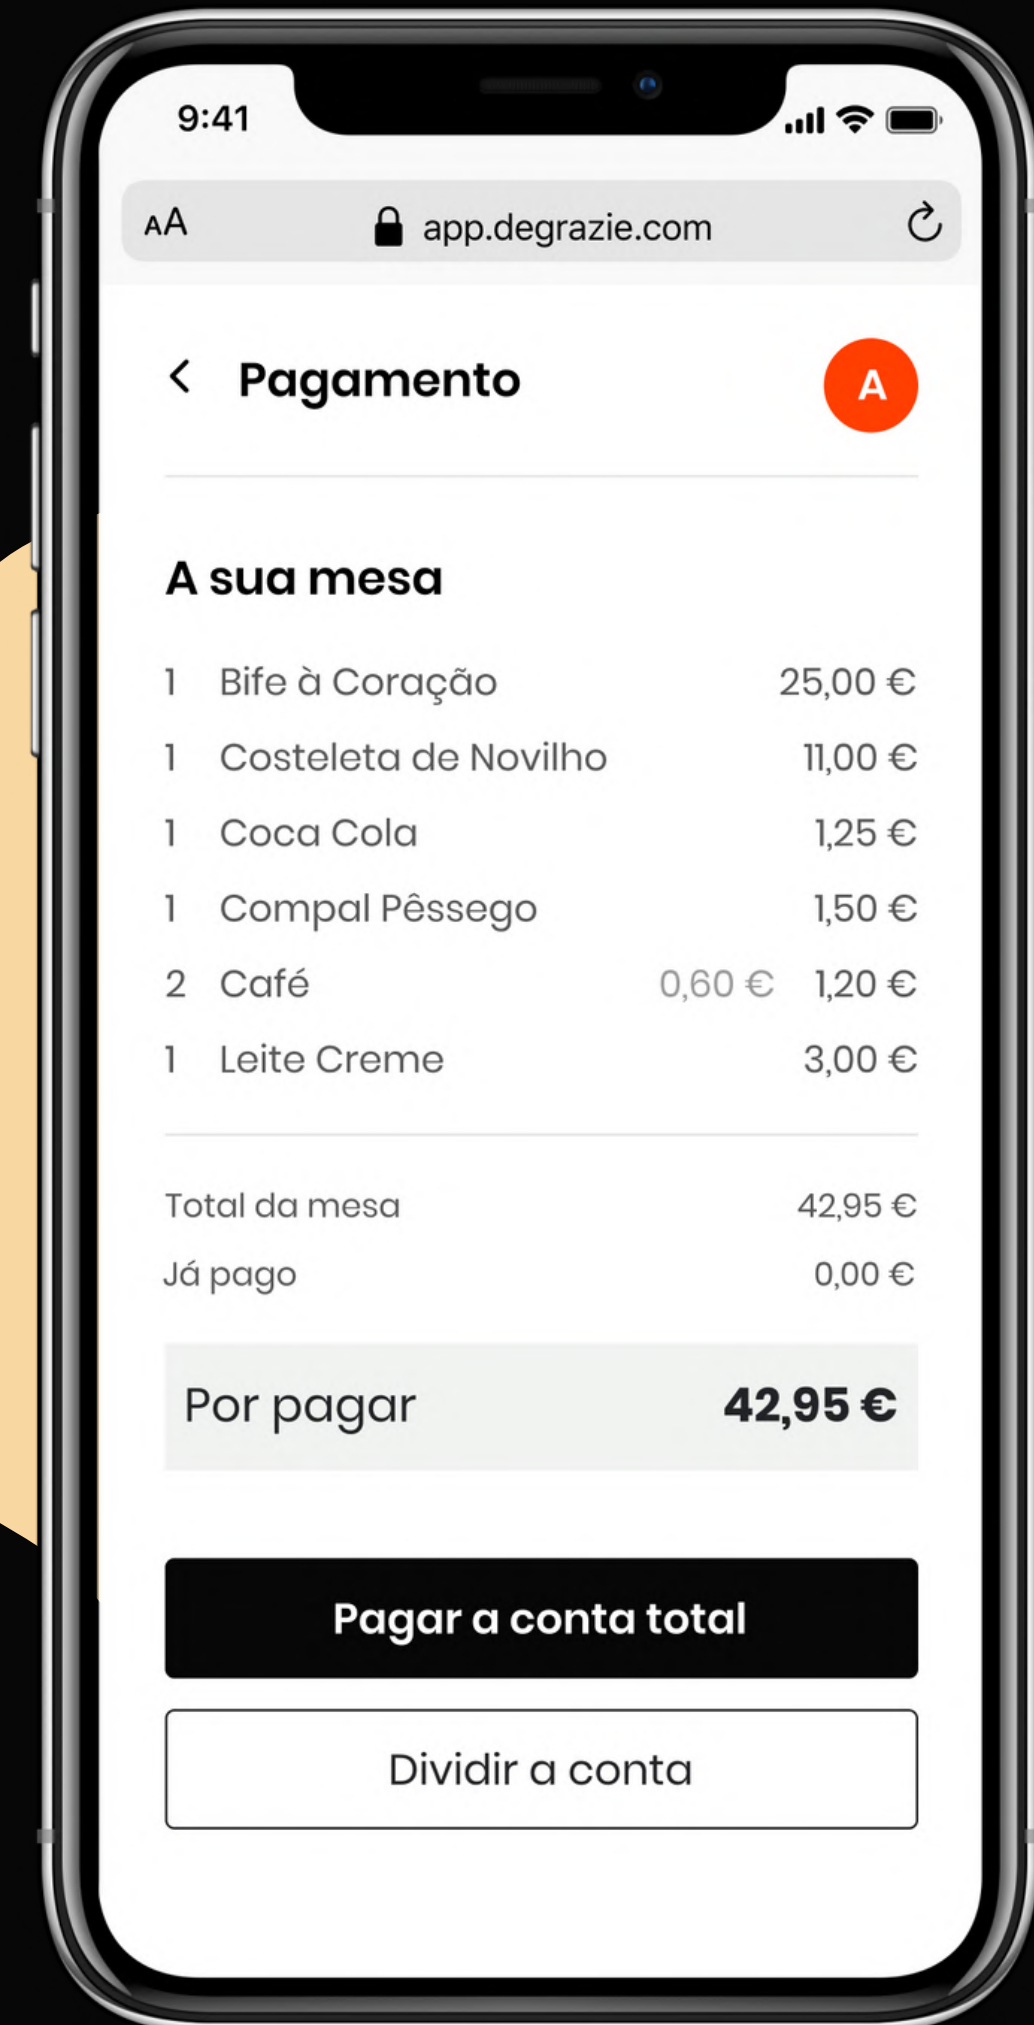

Your customers can instantly access their bill, input their tax information, and even receive the invoice via email.

When bill splitting is applicable, it is handled elegantly and automatically, guiding everyone to pay with ease.

With deGrazie, your business offers the most popular payment methods worldwide.

All meal cards are accepted.

+ Tips

deGrazie helps retain your staff. By intelligently suggesting tipping amounts, businesses experience an average increase of 30% in tips.

+ Reviews

When customer reviews are positive, they are sent directly to Google.

If negative, the staff is immediately alerted while the customer is still on-site.

Standalone

deGrazie is a comprehensive solution that:

replaces conventional POS systems

However, if you wish to keep your current POS system, you can still access some of deGrazie's features.
